Objective

Searching for employment or experience opportunities in the field of Experience Architecture.

Skills

Leadership: Being a part of multiple sports teams, work environments, and academic clubs has shaped my leadership qualities and ability to work well with others. I am highly capable of listening to instruction and never afraid of a leadership role.

Communication: Academics and athletics have taught me how important it is to communicate with others. I have learned that it is very difficult to succeed without constant and concise communication.

Technology: As a previous computer science major, I take great pride and interest in technology. I am to the best of my ability learning as much about the ever expanding field of technology.

Experience in: Python, C++, HTML, CSS.

Creativity: Through my time studying experience architecture, I have been exposed to various facets of design and creative development. With deep interest in graphic design, fashion, and the arts, I am always eager to take my knowledge and skill set to the next level.

Experience in: Illustrator, Photoshop, InDesign, XD.

Experience

Kate Spade | Auburn Hills, MI

Sales Associate (Nov 2018 – Apr 2019)

Part-time sales associate working to assist customers in store while ensuring they enjoy their time shopping. Tasks often included locating products, operating the cash register, and unpacking/organizing stock shipment. This job required a lot of patience and a great amount of communication skills to guarantee customer satisfaction.

Honcho Restaurant | Clarkston, MI

Busser (Apr 2017 – Aug 2018)

Here I developed teamwork skills while working in a fast pace environment. Tasks included cleaning of interior and exterior of restaurant as well as providing assistance to servers and staff when needed. As a busser I was always on my toes, ready for anything that came my way.
